Cataract Surgery FAQ's:

- **Nothing to eat or drink after midnight the night before your surgery.**
- If you are having any signs or symptoms of COVID-19 or have been around anyone who has tested positive for COVID-19 in the past 14 days, please do not come in for surgery. Please call our office and we will be happy to reschedule your surgery when it is safe to do so.
- Please read through the entire surgical packet. Fill out the forms that are marked and bring them with you on the day of surgery.
- A family member or a friend will need to drive you home after surgery. An Uber, Lyft, taxi or bus is not allowed due to receiving anesthesia and safety concerns. Due to social distancing guidelines, your driver will not be allowed to enter the building. Please bring your driver's phone number with you on the day of surgery. Our office will contact them when you are ready to be picked up from surgery.
- Please plan on being at the surgery center for up to 3 hours. It may be more or less time depending on the level of care each patient requires. Please arrive at your assigned arrival time. This will help reduce excessive wait times. We encourage your ride to leave the premises and we will call them when you are ready to be picked up.
- A surgery check list has been included in your packet. You may utilize this tool to help prepare you with everything you will need for surgery.
- Please leave personal belongings at home or with your ride.
- You may wear hearing aids or dentures on surgery day. Jewelry should be left at home.

Please turn the page over for a drop check list

**Start 1 day
before surgery**
